Whatever number is the correct one, please make sure that all the percentages match and add up correctly. Also, please proofread (twice) the report before resubmitting it to avoid further delays.

I don't understand your email. The amount of rollover shown is justified by our expenditure cash flow report for the year. Please explain. If I've made an error I'm happy to correct that but I don't understand your email. Thank you.

Please send an annual report with the correct rollover amount. We are unable to process any payments for the BID until this is corrected.

Thank you.
